Task illustrations

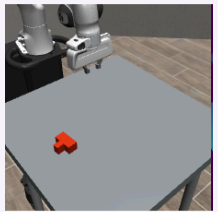

Existing simulator assets; no measured outcomes

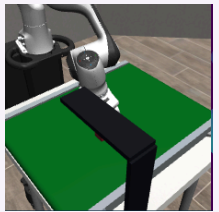

P0
Future pose
forecasting

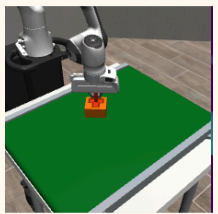

T1-BELT
Intercept
moving object

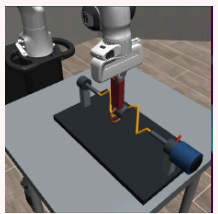

T1-XYZ / SO3
Orientation
rotating object

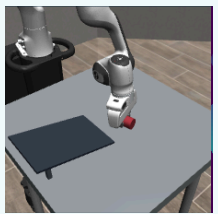

T1-OCC
Occlusion
hidden interval

T2
Moving goal
release + settle

T3
Buzz wire
phase + contact

T4
Free physics
roll / slide / slip

T5-REPLAN
Impact
observe + react

Study outcomes: task success · contact time · relative pose · safety · forecast error · latency
